

LEAF COLOURS

ECO TOP

A surface that offers an excellent combination of price and quality, ensuring long-lasting use in households.

HIGH TOP

Surface with ECO TOP characteristics with the additional effect of real wood structure.

UNI MAT PLUS

Reinforced surface characterised by silky haptics and a special coating resistant to fingerprints.

LAMISTONE CPL

Surface with a protective coating against abrasion and chemicals. Recommended for public buildings and used in conditions of intensive exploitation of the door joinery e.g. in hotels, offices.

SILKSTONE

Surface with the characteristics of LAMISTONE CPL with an additional, unique effect of real wood structure.

SILKSTONE CPL 0,5 mm

Surface with the characteristics of and resistance of LAMINATE CPL 0,5 mm with an additional unique effect of real wood structure. Recommended for public buildings and use under conditions of intensive exploitation of door joinery, e.g. in hotels, offices.

LAMINATED

Highly resistant surface recommended for public utility buildings and for use under conditions of intensive door exploitation, e.g. in hotels, offices. Permissible difference in colour of leaves and frames.

VENEERED

POL-SKONE veneered doors are coated with environmentally friendly UV varnish. It is definitely more resistant to scratches and light resistance than standard varnishes, applied even in several layers. Due to the natural character of veneers there is a possibility of their various shades and grain.

PAINTED

Ecological acrylic paints, RAL and NCS* colours (except metallic) - extra charges as per the colour table for individual models.
